INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

Board of Education Central Heights Unified School District No. 288 Richmond, Kansas

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Central Heights Unified School District No. 288, Richmond, Kansas ("Municipality") as of and for the year ended June 30, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1 to meet the financial reporting requirements of the State of Kansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the presentation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the Kansas Municipal Audit and Accounting Guide. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by Central Heights Unified School District No. 288, Richmond, Kansas to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Central Heights Unified School District No. 288, Richmond, Kansas as of June 30, 2015 or changes in financial position and cash flows thereof for the year then ended.

NOTE 1 – Summary of Significant Accounting Policies

Municipal Financial Reporting Entity

Central Heights Unified School District No. 288 of Richmond, Kansas is a municipal corporation governed by an elected seven member board. This financial statement presents the Central Heights Unified School District No. 288 (the municipality)

Fund Descriptions

In governmental accounting, a fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The following types of funds comprise the financial activities of the District for the year 2015:

Governmental Funds

<u>General Fund</u> – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

<u>Special Purpose Funds</u> – Used to account for the proceeds of specific tax levies and other specific revenue sources (other than Capital Project and tax levies for long term debt) that are intended for specified purposes

<u>Bond and Interest Fund</u> – To account for the accumulation of resources for, and the payment of, interest and principal on general long-term debt.

<u>Capital Project Funds</u> – used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment

Fiduciary Funds

<u>Agency Funds</u> – Funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, activity accounts, etc.).

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – Summary of Significant Accounting Policies (Continued)

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The municipality has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the regulatory basis of accounting.

Reimbursed Expenses

Expenditures in the amount of \$46,046 are classified as reimbursed expenses in the General Fund. The purpose of these expenditures is payment for goods and services in which fees are collected and such expenditures are exempt from the budget law under K.S.A. 79-2934.

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses shown in the financial statements meet the following criteria: 1) the related disbursement was made in the current year on behalf of the payee, 2) the item paid for was directly identifiable as having been used by or provided to the payee, and 3) the amount of the reimbursed expense was directly tied to the amount of the original cash disbursement.

Budgetary Information

Kansas Statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
- 3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were budget amendments to the Special Education, Vocational Education, and At Risk Fund during the year.

The statutes permit transferring budgeted amounts between accounts within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances with disbursements being adjusted for the prior year's accounts payable and encumbrances. Encumbrances are commitments by the district for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – Summary of Significant Accounting Policies (Continued)

Budgetary Information (continued)

A legal operating budget is not required for capital projects funds and trust funds and the following special purpose funds:

Title IIA Fund – Teacher Quality

REAP Grant

Title I

SRSA Grant

FAST Grant

Contingency Reserve Fund Textbook & Student Material

District Activity Funds

Reading Roundup Grant

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Inventories and Prepaid Expenses

Inventories and prepaid expenses which benefit future periods are recorded as expenditures.

Use of Estimates

The process of preparing financial statements requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates relate primarily to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

NOTE 2 – Deposits and Investments

Deposits

K.S.A. 9-1401 establishes the depositories which may be used by the district. The statute requires banks eligible to hold the district's funds have a main or branch bank in the county in which the district is located and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The district has no other policies that would further limit interest rate risk.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – Deposits and Investments (continued)

Deposits (continued)

K.S.A. 12-1675 limits the district's investments of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The district has no investment policy that would further limit its investment choices. The district had no investments during 2014-2015.

Concentration of Credit Risk

State statutes place no limit on the amount the district may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and K.S.A. 9-1405.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the district's deposits may not be returned to it. State statutes require the district's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, Patriot's Bank, except during designated "peak periods" when required coverage is 50%. All deposits were legally secured at June 30, 2015.

At June 30, 2015, the government's carrying amount of deposits was \$ 1,624,206 and the bank balance was \$ 1,718,939. The bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balance, \$ 250,000 was covered by federal depository insurance and the balance was collateralized with securities held by the pledging financial institutions' agents in the district's name.

Custodial Credit Risk - Investments

For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured. The District has no investments other than Certificates of Deposits.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 – Defined Benefit Pension Plan

Plan Description – USD No. 288 participates in the Kansas Public Employees Retirement System (KPERS), a cost sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS (611 S. Kansas; Topeka, KS 66603) or by calling 1-888-275-5737.

Funding Policy – K.S.A. 74-4919 and K.S.A. 74-4921 establishes the KPERS member-employee contribution rates. Effective July 1, 2009 KPERS has two benefit structures and funding depending on whether the employee is a Tier 1 or Tier 2 member. Tier 1 members are active and contributing members hired before July 1, 2009. Tier 2 members were first employed in a covered position on or after July 1, 2009. Kansas law establishes the KPERS member-employee contribution rate of 5% of covered salary for Tier 1 members and at 6% of covered salary for Tier 2 members. Member-employees' contributions are withheld by their employer and paid to KPERS according to the provisions of section 414 (h) of the Internal Revenue Code.

The State of Kansas is required to contribute the statutory required employers share.

Net Pension Liability – The total pension liability for KPERS was determined by an actuarial valuation as of December 31, 2013, which rolled forward to June 30, 2014. As of June 30 2014 the net pension liability for KPERS was \$8,291,794,910. KPERS has determined the District's proportionate share of the net pension liability is \$364,572 as of June 30, 2014. The complete actuarial valuation report including all actuarial assumptions and methods is publically available on the website www.kpers.org or can be obtained as described in the first paragraph above.

Flexible Benefit Plan (I.R.C Section 125) – The Board adopted by resolution a salary reduction flexible benefit plan (Plan) under section 125 of the Internal Revenue Code. All employees of the District are eligible to participate in the plan beginning the first day of the month following 30 days of employment. Each participant may elect to reduce his or her salary to purchase benefits offered through the plan. Currently all benefits offered through the plan involve insurance coverage.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 – Risk Management

The District is exposed to various risks of loss related to limited torts; theft of, damage to and destruction of assets; errors and omissions and natural disasters for which the county carries commercial insurance. There have been no significant reductions in coverage from prior years and settlements have not exceeded coverage in the past three years.

NOTE 5 - Stewardship, Compliance and Accountability

We noted violations of the K.S.A. 79-2935, in the Food Service Fund and the Vocational Education Fund during the period under examination.

NOTE 6 - Compensated Absences

The District's policy is to recognize the costs of compensated absences when actually paid. The District's policies regarding leave is that each full time 12 month employee will be granted a total of 11 days of leave each year the employee is full time in the district. Each full time 9 month employee will be granted a total of 8 days of leave each year the teacher is full time in the district. The leave includes sick, bereavement, and personal leave. Full-time 12 months classified employees earn vacation days based upon years of service. Policies prohibit payment for vacation time in lieu of time off and ½ prior year's vacation time may be carried over to another fiscal year. One personal day will be accorded for each employee per year. Two additional leaves may be granted for "just cause and reason". No personal leave may accumulate. Sick leave, for all employees, may be accumulated up to a total accumulation of 70 days. Specific guidelines apply to sick leave days earned based on length of service with the District. In the event of retirement under KPERS or separation of service employees are paid based upon the length of service up to a maximum of 70 days.

NOTE 7 – Contingency

The District receives federal and state grants for specific purposes that are subject to review and audit by federal and state agencies. Such audits could result in a request for reimbursement by federal and state agencies for expenditures disallowed under the terms and conditions of the appropriate agency. In the opinion of the District's management, such disallowances, if any, will not be significant to the District's financial statements.

As provided by K.S.A. 12-5040, the local government allows retirees to participate in the group health insurance plan. While each retiree will still receive a portion paid by the district towards their premium therefore they will pay the difference in amounts, conceptually, the local government is subsidizing the retirees because each participant is charged a level of premium until the age of 65. However, the cost of this subsidy has not been quantified in these statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the government under this program.
